

## EVOLUTION TOURNAMENT WITH 250HP YAMAHA FOURSTROKE FOR SALE

176,990.00

### Description

#### EVOLUTION TOURNAMENT WITH 250HP YAMAHA FOURSTROKE FOR SALE

7.2 MTR Overall length

2.44 mtr beam in the water, where it counts

Heavy heavy duty fibreglass build, no timber, no composite, all hand laid fibreglass

The Evolution Tournament is best described as a Trailerable, Blue water Tournament Rig, sitting on a Savage Alloy tandem 3500kg gvm trailer

Designed by hardcore anglers for serious offshore fishing expeditions, the Evolution Tournament measures 7.20m LOA with a 2.49m beam and a 21° deadrise, which - combined with wide reverse chines - results in an extremely smooth ride while underway and rock solid stability at rest.

The massive 2.10m internal measurement at the transom creates maximum fishing space in the self-draining cockpit, while the full-height transom has built-in tackle boxes and 2 x 80L livebait tank, flush opening doors for easy access to triple batteries, deluxe fibreglass baitboard and a host of other essentials.

With offshore fishing at the fore during the entire design and construction process, stainless steel fittings are standard, and the hardtop not only provides protection from the elements, it functions as a tuna tower as it is strong enough to support the weight of an adult.

Standard Tournament Boat motor trailer packages include

Yamaha F250UCA, CL5 gauge, 6X9 remote, Yamaha rigging, fuel filter, SDS Stainless propellor

Savage tandem alloy trailer, PS-TAND3500TB, 3500 GVM, including spare tyre

Dual Marine batteries

Offshore Safety gear including Epirb

12 months QLD registration hull and trailer

Contact Paul, Brisbane Yamaha, 0422 391 822
