Evolution 552 Axis, from Tournament fishing for bream to chasing Marlin offshore and everything in between the Evo 552 Axis caters to all your fishing needs.Designed for Anglers Who Love to Fish Anywhere

The Evolution 552 Axis has been designed for the fisherman who loves to fish anywhere. Based on the award winning 552 X Series the Axis has the traditional features of an Evolution - stability, beam and functionality.Outstanding Storage Designed For The Serious Fisherman

Storage compartments are also conveniently scattered throughout the cockpit work area with an With the Evolution standard of maximizing storage room the transom features twin live bait tanks, off floor battery storage and oil bottles, a tackle box and storage locker, everything has its place. The bow features a rod storage locker capable of holding up to nine rods, and central kill tank. It also has the provisions for a sounder and electric outboard to be mounted on the bow.

Full length rod storage in the side pockets allows for the most valuable of tools to be easily accessed when landing your prize catch.Flexible Centre Console

The centre console provides plenty of room for sounders, gauges and control panels and enough room for two people behind the large molded windscreen for protection. Under the console there is more storage room for eskys, jackets and fish boxes.Worry-free Boating

The Evolution 552 Axis has fibreglass floors and stringers and foam filling ensuring the longevity of your boat and with the 7 year warranty provides years of worry free boating. The 552 Axis will have you heading straight to the nearest ramp and will get you amongst the action.
