Condition	New	State	Queensland
Suburb	BURPENGARY	Engine Make	YAMAHA

Description

The Quintrex 440 Renegade SC is your ticket to the ultimate fishing adventure, enhanced by its painted white finish that offers both style and durability. Designed for versatility, this boat excels in both freshwater and saltwater environments. The Renegade's V-Nosed flat-bottom hull ensures a stable and dry ride, while its generous 4.49m length and 2.11m beam provide ample space for casting and maneuvering. Equipped with a forward casting platform and ample underfloor storage, the 440 Renegade SC is ready for everything from casting to cruising.

Paired with a Quintrex Braked Trailer 1098ATM, you get an effortless towing experience featuring 13-inch alloy wheels, adjustable keel rollers, and a durable rolled frame alloy I-Beam construction. This trailer includes LED lights and a motor support for convenient and secure transportation. The swing-up jockey wheel and 5:1 winch enhance ease of use, making launching and retrieving your boat a breeze.

Powering this package is the Yamaha F60HP 4-Stroke outboard, known for its reliability and efficiency. This motor comes with electric start, power trim and tilt, and forward control with a 703 control box for smooth operation. Two multifunctional digital gauges provide essential performance data, while the alloy prop ensures optimal performance. Dealer delivery and training are included to ensure you get the most out of your motor.

Enhancements like the Garmin UHD2 95SV Chartplotter/Sounder Combo bring cutting-edge navigation and fish-finding capabilities with a sunlight-readable 9" display, vivid color palettes, and comprehensive mapping of Australia & New Zealand. The upgraded GT56UHD transducer offers ultra-high-definition ClearVü and SideVü scanning sonars. Enjoy your favorite tunes on the water with the Fusion RA60N Sound System paired with marine-grade speakers. Additional features like the Bimini and Envelope for shade, a Marine Battery & Isolation Switch for power management, and a Bow Mount Thruster Plate for future electric motor installations make this package complete.

This setup is ideal for the dedicated angler or family boater looking for a versatile, high-performance solution that's ready for immediate adventure on the water. **PACK 3 INCLUSIONS:**
