This vessel is powered by a Yamaha F75HP 4-Stroke Tiller, designed for superior performance with features like power trim and tilt, electric start, and a multifunctional tiller handle. The outboard's SDS alloy prop ensures a smooth and efficient ride, making it ideal for both seasoned boaters and newcomers. Fitted with precision, this motor includes a PVC backing board and is workshop tested for reliable performance.

Paired with a Quintrex Braked Trailer 1100ATM, this boat is easy to transport and launch. The trailer is robustly built with 13-inch alloy wheels, 13-inch tyres, and four alloy cross members, providing stability and durability. It features adjustable keel rollers and long skids to cradle the boat securely, along with disc brakes and a 50mm braked coupling for safe towing.
